

CHM Government Services Assists State Park Directors in Charting Future for State Park Industry

September 7, 2011 - CHM Government Services, Sr. Vice President, Margaret Bailey along with Pro's Consulting Leon Younger, presented on the findings of the State Park Industry Roadmap at the National Association of State Park Directors ("NASPD") Conference in Custer State Park, South Dakota on September 7, 2011.

The NASPD presentation profiled the findings of the State Park Directors Roundtable held in July of 2011 in Texas. This two day meeting, convened by the Arizona State Park Foundation and Friends of Georgia State Parks and Historic Sites and sponsored by Equity Lifestyle Properties and Forever Resorts, brought together State Park Directors to identify the issues and challenges facing State Park Industry and was focused on developing possible solutions and strategies for moving the State Park Industry forward in the next decade.

The State Park Industry Roadmap presented NASPD, outlines key principles for the State Park Industry and also provides eight action plan steps for the State Park industry to adopt to move towards greater natural, cultural and financial stewardship.
